

PRIORITY PAYRIGHT HEALTH SOLUTIONS

ADAPTING TO COVID-19

Medical and Veterinary practices are adapting their business practices to:

- Protect the health of their patients and staff
- Offer telemedicine “virtual” visits online
- Pick up and return pets curbside
- Minimize handling of cash and payments at point-of-service
- Let patients pay over time for procedures not covered by their insurance provider

SUPPORTIVE SOLUTIONS

Help them adapt easily with ePay:

- Our patient-facing online bill payment portal
- HIPAA-compliant and secure way to pay with credit, debit, or ACH eCheck
- Mobile-enabled so it's easy to pay from a phone or tablet, too
- Improves collect success by 30% or more

SUPPORTIVE SOLUTIONS

Help them do even more with Payment Manager

- Can be accessed by providers and staff in office or remotely
- Use it to set up payment plans
- Also to send messages and track payments received
- Compliments ePay as another way to collect and receive payments

Plan

Total Amount

\$ 500.00

There is a current payment plan.

Current balance of \$297.72 is being collected in 6 installments of \$59.54. The next payment is scheduled for 2/3/2018.

Adding this bill will update the payment plan to 12 payments of \$66.48 for a total of \$797.72.

Submit

SET UP FOR SUCCESS

Getting started is easy:

- Check in with your healthcare and veterinarian merchants
- Let them know ePay and Payment Manager are available to help them adapt to changing payment preferences
- For those who want online bill pay or payment plan optionality turned on, complete the PayRight Merchant Setup Form and return it to sales@payrighthealth.com
- Our team will activate the solution and train the provider and staff on its use

FOR MORE INFORMATION

- Visit Priority University:
