DoorDash Delivery - Now Available with e|tab Online Ordering

Stop losing business to third party delivery services!

e|tab is now proud to announce a new pairing, online ordering with DoorDash delivery.

Online delivery is more popular than ever, and many of your merchants already use a third party delivery service today. e|tab is now offering a turnkey solution for your merchants to leverage the power of DoorDash's delivery network, with the control and convenience of working with e|tab.

Now, your merchants can offer third-party fulfilled delivery at no additional cost, by passing the cost of acceptance fully to their customers.

Be the hero for your merchant and help them save on average 20-40% of what they would pay with other competitors while adding more volume to your portfolio.

All delivery services offered by DoorDash. Priority Payment Systems LLC d/b/a e|tab ("e|tab") and DoorDash are not affiliated entities and each is solely responsible for the provision of its respective products and services. e|tab, the logo and any associated brand names are trademarks of the Priority group of companies. All other trademarks are the property of their respective owners. Priority Payment Systems LLC is a registered ISO/MSP of Pueblo Bank & Trust Company, Wells Fargo Bank, N.A., Axiom Bank, N.A., and Synovus Bank, N.A.
